## Three Arrested On Burglary Charges

### Trio Jailed In Series Of 15 Thefts

Three young men — two from East Stroudsburg, one from Portland — were committed to Monroe County Jail yesterday on charges of burglary and larceny involving 15 separate robberies in this area, Northampton County and New Jersey.

Arrested by Stroudsburg State Police were Joseph Miller, 22, of 24 E. Broad St., East Stroudsburg; Richard LaBar, 28, of 247 Harris St., East Stroudsburg and Harry McRuth, 19, of Portland.

The arrest was made by State Troopers Ed Beneski and Alex Kearn, working in cooperation with Stroudsburg Chief of Police James McConnell, East Stroudsburg Chief Arthur Swink, Delaware Water Gap Chief Fred Decker and Portland Police Chief Jesse Felker.

The three men were given a hearing before Justice of the Peace William Walton, Stroudsburg, yesterday afternoon on two charges of burglary and two of larceny, Sgt. Morgan B. Davis said.

Walton then ordered them committed to the county jail without bail.

East Borough Police Chief Arthur Swink took the three before Justice of the Peace Herbert Bonser in that borough on a charge of larceny.

Miller, LaBar and ZeRuth were specifically charged with burglarizing the following places:

1. The Max Blum used car lot on Route 209, Stroudsburg RD2: tires and batteries.

2. Sam Rubin's lot on Palmer Alley, Stroudsburg: batteries.

3. George Driebe lot on Third St., Stroudsburg: radiators, iron and tires.

4. Bernard Clemens service station, 135 No. Courtland St., East Stroudsburg: took four tires of a racer parked at the station: stole two more. Valued at \$75.

5. The Totem Pole, Delaware Water Gap: fireplace equipment including woodbaskets and two kettles.

6. Pennsylvania Highway Department stockyard below the General Hospital: gasoline, a battery and other equipment.

7. Overfield's Bear Stand near Portland: miscellaneous items.

8. Esso Service Station, Delaware, N.J.: batteries and tire.

9. Ayers Service Station, Delaware, N.J.: tires and batteries.

10. The Collins equipment shop at Portland: one bathtub.

11. An unidentified property near Columbia, N.J.: stole a large air compressor unit.

State police listed four other minor burglaries committed by the three men in this area.

In cases 10 and 11, the men broke up the equipment and sold it for junk. Copper tubing and other valuable pieces were removed from the air compressor unit.

The three men confessed they later sold the six tires stolen from the Clemens station for \$6.50 to a local businessman. The tires were valued at \$75, Chief Arthur Swink said.

Indications were yesterday that the men may have been involved in a series of thefts extending beyond the area.

Northampton county officials and New Jersey authorities were questioning them at Monroe County jail in an effort to determine whether or not they were responsible for robberies committed in other areas.

New Jersey authorities have lodged detainees with the local police against the men.

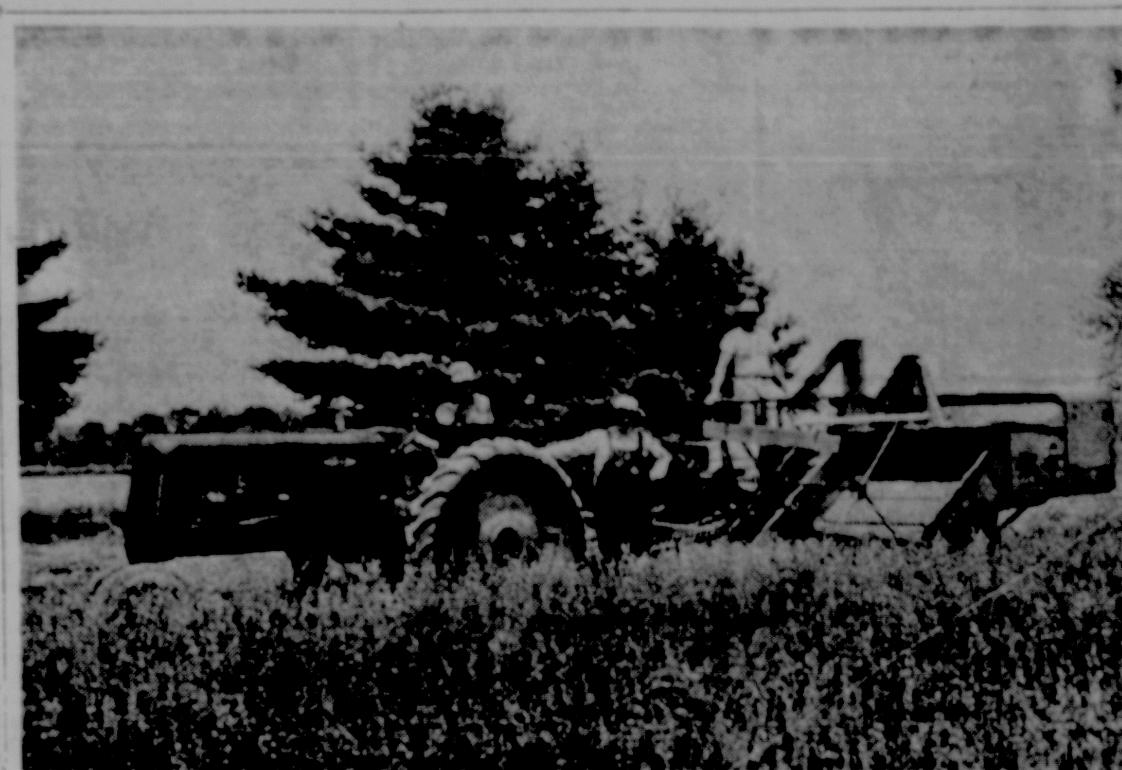

Miller, LaBar and ZeRuth will be held for the next term of court, presumably in September.

### Buenos Aires Back To Normal

Buenos Aires, (AP)—Buenos Aires returned to near normal activity yesterday for the first time since the death Saturday of Eva Peron, Argentina's first lady.

Although official mourning for Juan D. Peron's wife will continue until Aug. 25, government offices, stores, restaurants and banks reopened for business.

Lines of mourners waiting to pass before the glass-topped casket of Mrs. Peron at the Labor Ministry shortened. There was less urgency to queue up. Peron has promised to keep the body on view and postpone the funeral up to two months, if necessary, to allow everyone who wishes to see it.

SUMMER FADES, HARVEST TIME BEGINS—and the farmer begins to reap the payment for the months and days of time he has spent watching over crops which might have failed. On the E. J. Kresge farm near Gilbert, Gerald Kresge and Leo Held are shown on top of the combine which will be used to harvest the farm's yield of summer oats. While other human beings move gradually away from the simplicity of the earth—the farmer remains close to her. Yet—with modern machinery and appliances which cut the planting, tending and harvesting in half—even the farmer is once-removed from his source of life.

(Daily Record photo)

### Lewis Opens Bituminous Wage Talks

Washington, (AP)—Right on the heels of the 54-day steel strike, John L. Lewis was reliably reported yesterday to have opened direct negotiations with a segment of the soft coal industry over a new work contract for 450,000 soft coal miners.

Lewis wrote Harry M. Moses eight days ago that the present soft coal contract will expire by Sept. 22 if a new agreement is not reached. Moses, former head of U. S. Steel's coal-producing subsidiaries, is now president of the Bituminous Coal Operators Association and chief industry bargainer.

Lewis was in direct talks Tuesday with the industry, an authoritative source reported. Barring secret agreement between Moses and Lewis, this source said, Tuesday's talks probably were aimed at setting up an agenda for a sealed contract talks to take place possibly in the near future.

Lewis, Moses, and Joseph E. Moody early last year did get together, without any advance publicity at all, on a daily wage boost of \$1.60 for 80 per cent of the nation's soft coal miners. The other 20 per cent are not represented by Lewis' United Mineworkers of America.

Moses heads the Southern Coal Producers Association representing about 100 million tons a year. The Moses group controls about 240 million tons a year.

The three men confessed they later sold the six tires stolen from the Clemens station for \$6.50 to a local businessman. The tires were valued at \$75, Chief Arthur Swink said.

Indications were yesterday that the men may have been involved in a series of thefts extending beyond the area.

Northampton county officials and New Jersey authorities were questioning them at Monroe County jail in an effort to determine whether or not they were responsible for robberies committed in other areas.

New Jersey authorities have lodged detainees with the local police against the men.

Miller, LaBar and ZeRuth will be held for the next term of court, presumably in September.

### Rival Camps Cut Loose At Each Other

(AP Foreign News Analyst)

The Republican high command cut loose yesterday with a blast at the Democratic ticket of Gov. Adlai Stevenson and Sen. John J. Sparkman as "hand-picked candidates of President Truman."

Chairman Arthur Summerfield of the GOP National Committee said the Stevenson-Sparkman team will be expected to "carry on the Truman tradition," and he declared:

"That is not very palatable to the American people."

In a press conference at Springfield, Ill., Gov. Stevenson took an oblique shot at Eisenhower with a warning against "foolish or irresponsible promises" of cutting federal taxes.

Discussing Eisenhower's recent remarks on tax-cutting possibilities, Stevenson told his first news conference since being picked as the Democratic standard bearer he hopes neither party will "offer hopes that are forlorn" as to taxes and at the same time demand "a defense establishment to accomplish our common objective."

Stevenson said he understood Eisenhower later modified a statement made several weeks ago to the effect that federal spending could be cut by 40 billion dollars a year.

Asked whether he would retain Secretary of State Dean Acheson in the Cabinet if elected, Stevenson replied:

"I haven't the faintest idea about the cabinet. I won't say anything about it until after the election."

COP Chairman Summerfield told newsmen that while there is a "deep cleavage" in the Democratic party, the Republicans once vital factions are forgetting the differences and will pull together in a great "unity" campaign.

Stevenson said he understood the共产党 would change the wording of a paragraph they wrote in the first place recommending a high level political conference three months after an armistice. They proposed changing the start of the three months from "is signed" to "becomes effective."

Col. Duncan Somerville, an Allied staff officer, said the Communists might be preparing something for the resumption of full truce meetings Aug. 3, but if so they were "working at it the hard way."

Summerfield also made it clear at a news conference in the nation's capital that he expects Sen. Robert A. Taft of Ohio, the loser in a brawling fight for the GOP nomination, will be one of the big guns in the campaign to put Gen. Dwight D. Eisenhower in the White House. Taft has promised to cooperate.

Summerfield said that despite some disappointment among Taft supporters, most of the brusques and bitterness from the Taft-Eisenhower battle at the Chicago convention have already disappeared.

One—The \$5.20 per ton boost in carbon steel prices "unquestionably will mean higher prices for products in which steel is used, especially for machinery of all types, construction and many kinds of consumer goods." Price Stabilizer Ellis Arnall has said it will be necessary to grant higher ceilings all along the line.

Two—The possibility that the Office of Price Stabilization (OPS) may have to grant a price boost to aluminum producers and fabricators. Aluminum makers have been meeting with OPS this week to present their demands for higher ceilings.

Three—Wages have been moving upward for thousands of workers in a wide range of major manufacturing fields such as steel and aluminum in recent weeks. Still other wage boost demands are in prospect, including coal miners.

The higher wages mean greater purchasing power and growing pressure on prices. Higher labor costs also mean greater pressure by producers for higher ceilings.

Four—The exemption by Congress of fruits and vegetables from price control opens the way for higher prices. An official said some prices are already going up and "there is no reason to believe prices for processed and frozen foods generally will not be higher."

He added that poor crops for some vegetables may mean a shorter supply.

"I NEVER INTEND TO LEAVE"—That's what Bill O'Dwyer told Elton Hall (left) while the latter was attending an international Lions Club convention in Mexico City, June 28. The comment was made at a party at the ambassador's home. Shown here are Hall, International Lions Queen Melrose Hoffman of Coaldale and ex-New York Mayor O'Dwyer.

### 'I Never Intend To Leave Mexico,' O'Dwyer Quoted As Telling Area Lions Club Members

When Ambassador to Mexico William O'Dwyer hit the front pages this week with his denial that he intended to "give up his U. S. citizenship" at least one East Stroudsburg resident had good reason to give him the horse's laugh.

The man was Elton Hall of Radio Station WVPO. The reason—straight from the horse's mouth.

When Hall was in Mexico City last month attending the international Lions' convention, he was invited to attend an official social gathering at the O'Dwyer home.

With Hall were Melrose Hoffman, the Coaldale girl who had been chosen international Lions queen; Mrs. Hall and their daughter, Nancy; Robert Gilden, president of the Coaldale Lions and Mrs. Alex Sneddon, the queen's chaperone.

Seated on the patio of the

O'Dwyer home, the group began talking about the climate, the people and the possibility for a lifelong residence in beautiful Mexico.

One of the guests turned to Bill O'Dwyer and asked:

"How long do you intend to stay in Mexico?"

The ambassador pondered this for a split second, then said: "I never intend to leave."

The guests accepted this as a genuine statement of the ambassador's intent and purpose.

He then went on to explain that he liked the climate, that it agreed with him and that he had a pretty sick man.

No mention was made of New York City—the ambassador's former home or of the frequency with which his name has popped up in New York headlines during the past year due to police and fire department investigations.

Thinking the whole matter over a little bit more, the ex-mayor then said:

"I just can't stand periods of extreme heat."

There was a momentary lull, then the ambassador diplomatically added:

"—or cold, for that matter."

### Court Sentences Three Men For Assault On Local Girl

Three Philadelphia men were sentenced to Northampton County Prison yesterday for the Aug. 25, 1951 rape of a 16-year-old East Stroudsburg girl.

The rape occurred in a parked car near Portland after the three young men had picked up the girl and her 17-year-old boy friend in East Stroudsburg and taken them to a taproom near Columbia, N. J.

Sentence was imposed by Judge William A. Frack.

The following were committed to the Northampton prison:

Joseph M. Jones, driver of the car, 2½ to 5 years; Joseph G. Rafter and Thomas T. Sines, 2 to 4 years each.

The men were convicted before Judge Frack on April 16, 1951. Judge Frack said yesterday that the sentences might have been more severe except that the men also face charges in Monroe County because of offenses allegedly committed against the same girl before she was taken to her home, James Deseen, Philadelphia, at-

# Steel Shortage Forces Line Material To Curtail Operations

70 Layoffs,  
4-Day Week  
Announced

Another major industry—Line Material Co.—issued a statement yesterday translating the effects of the long steel strike into terms of its operating economy. The firm will lay off 70 men and reduce operations to a four-day week starting Aug. 4.

The statement by Gilbert L. Smrz, general manager of Line Material Co., follows the announced intention of Tuesday, during a meeting of the Industrial Committee of Pocono Mountains Chamber of Commerce, that industry here would, as any impact of the strike developed, issue their own official statements.

"Due to the steel strike that cut off the pipeline of steel supply and diminishing stocks of steel on hand, we are forced to place 70 employees on layoff and reduce the balance of our operations to a four-day work week, effective Aug. 4, 1952," Mr. Smrz said.

"On this basis," Mr. Smrz advised, "we estimate that our present steel stock will enable us to operate for approximately six weeks."

The general manager said employees of the concern were given this information July 18. Continuing his discussion on the impact of the steel strike, Mr. Smrz said:

"Although the steel strike has ended and production of steel on a limited basis will resume shortly, we have been advised that the National Production Authority has directed that all defense order backlog as well as current requirement for steel will be taken care of first."

"Based on the best information we can get it will be approximately six to eight weeks before we can expect to receive any appreciable quantities of steel at which to hope to resume full time operations."

The other official industry statement issued yesterday showed ill effects from the steel strike. H. G. Sanborn Jr., vice president and general manager of Worthington Mower Co., announced that the 350 employees of that concern will operate on a three-day week until normal flow of steel resumes.

## Apply For License

One couple filed for license to marry at the office of Monroe County Prothonotary James Gould yesterday. They were: Charles Houston Wright, 25, of Winter Park, Fla., and Johnnie Mae Edwards, 26, of Cresco.

## 101-Year-Old Woman Dies At Dingmans

Dingmans Ferry (Pa.)—Ms. Mary Ann Maund, 101 years old, died yesterday at the home of a daughter, Mrs. Clarence Kroger, in Dingman Township.

She was born in England Dec. 13, 1850. Survivors include a second daughter, Mrs. Louise Tattersall, of Camden, N.J., and two sons, William and Samuel Maund of Philadelphia.

First Assistant District Attorney Stephen A. Teller has indicated that if additional evidence is required by court to establish prima facie case, the prosecution will go only as far as necessary.

"We'll show no more than we have to," Teller said.

He will appear in place of District Attorney Louis G. Feldman, who is vacationing in California.

One of the Commonwealth witnesses will be Dr. Mary L. Willard, Pennsylvania State College chemistry professor and criminologist, who will testify concerning exhaustive tests she made of various articles found at the site where Roberts was discovered wounded and his wife dead.

The hearing will be conducted before Judge Thomas M. Lewis.

Roberts is charged with shooting his wife to death in the Bear Creek area the night of July 10. He has claimed repeatedly that his wife was shot and himself wounded by two hitchhikers.

The hearing will be conducted before Judge Thomas M. Lewis.

## Hit-Run Case Investigated

Six hundred persons, not including 30 advance men, travel with the King Bros. and Cristiani Circus which will exhibit next Monday at the Day St. showgrounds, East Stroudsburg, under auspices of the Lions Club.

Stroudsburg borough police last night reported a hit and run case involving an estimated \$100 damage to an automobile.

Police said the accident occurred at "about 9:40 p.m." near 513 N. Fifth St. when a car traveling south on that street was struck by a second auto traveling north.

No identification of the offending vehicle could be made. The investigation is continuing.

There are many species of kangaroo on New Guinea, but none are larger than fox terriers.

## 600 Persons Travel With King Bros.-Christiani Circus

Performances at 2 and 8 p.m. are given in three rings, on two raffae, hippopotamus and scores of elevated stages, huge aerial enclave and on a large hippodrome track. There are 150 performers, including the celebrated Cristiani family of riders with Lucia, comedy star.

A feature of the circus from season to season has been its comprehensive and diversified menagerie. More than 250 animals are carried, including elephants, a gl-

## Car Rams Into Truck

(Continued from page three) in the survey by a "quality of market" index. This takes into consideration income, sales, population and other factors. For Stroudsburg the index rating is placed at 135, or 55 percent over the national average.

A car driven by an East Stroudsburg man was damaged an estimated \$75 last night at 9:05 when it ran into the rear of a large truck on Route 612 near the Empire Box Co., Minisink Hills.

Stroudsburg State police listed the driver of the car as Jack Bernbaum, 20, of 23 Ransberg Ave., East Stroudsburg.

The truck was operated by Walter A. Warner, 25, of Pocono Lake. Police said the truck was apparently backing into the box company loading area when the Bernbaum car ran into its rear end.

The car was damaged on the

## Save Some Shade Trees On Home Site

Clearing a site for a new home? Then remember that tree values, like everything else, are up and you may be destroying a rich asset if you remove or unwittingly damage shade or ornamental trees when preparing to build.

A 4-point program of advice to lot owners given by B. L. Brittain, New England manager for a large tree surgery concern, is:

1. Call in a tree expert to examine the trees and determine which are worth saving.

2. Let him advise on the strategic location of the house in relation to the most valuable trees.

3. Have him make periodic inspections during actual construction to prevent tree loss or serious injury through grading, improper fills or excess cutting of roots. Improper fill may suffocate a tree and extensive root destruction may cut off its food supply.

4. Heed his advice on where a tree might be moved when building or driveway placements interfere.

"Too many people," says Brittain, "don't realize that it takes 50 or more years for a valuable shade or ornamental tree such as oak, hard maple or elm to attain mature beauty. Each year, millions of dollars worth of shade trees are destroyed because of lack of knowledge of their worth by home planners. Today's tree values are such that it is good economy for the home owner to consult the expert before and during construction."

## Replace Old Oil Burners

Owners of oil burners can save money and the nation's oil supply can be stretched if obsolete and inefficient oil burners are replaced with new ones, says the Plumbing and Heating Industries Bureau.

Replacement of old-style "oil hog" oil burners is good business for owners in that it will cut their oil consumption substantially.

Savings of as high as 23 percent in oil consumption have been reported by some owners who replaced old burners with new equipment.

In a survey in one community, it was found that a large percentage of oil burners fall below the F.H.A. standard of efficiency.

While in some cases the installation of a new oil burner in an old furnace will effect a considerable saving in oil, in other cases the installation of a boiler or furnace specifically designed for the burning of oil is advisable.

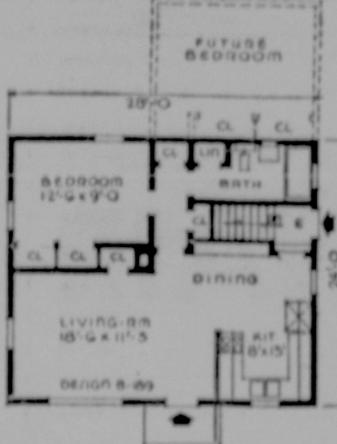

## Cement Paints Penetrate Pores

A natural affinity of cement for masonry surfaces is the basis for the development of Portland cement paints, which are water-thinned combinations of finely ground cement, lime and pigments of high hiding power and great color retention. Such products are intended to penetrate into the tiniest pores and bond with the surface. Cement-base paints call for a thorough pre-wetting of the surface before a coating is applied.

### Dust Causes Rust

Warm air furnace ducts in the basement should be cleaned out after the heating season is over. Otherwise the lint and dust inside may pick up moisture and cause the thin metal to rust out.

Advertise in The Daily Record.

### THE BEACON

A fence is often used to set off a home and add beauty and distinction. It may enclose only a small area or extend to the sidewalk and boundary lines. It can be of almost any material or design, but it should follow the architecture of the house.

The traditional white picket fence is at home in any section. Rail fences are adapted to almost any type of rural, suburban or informal architecture, but more elaborate treatment is needed for the large or formal home. With such a house, a brick wall or an ornamental lattice fence is appropriate.

The gate should be at least three feet wide, well braced against sagging, swing easily on rustproof hinges without squeaking, and latch readily. At the same time it should harmonize with the fence.

Before planning any fence, it is best to determine what limitations, if any, are imposed by local building laws. Many communities will not permit fences to enclose front yards. Others regulate the height.

A fence must always be maintained in first-class condition because nothing will detract more from the appearance of a home

## Simple Design Keeps Building Costs Down

Prospective home builders seeking means of keeping construction costs at a minimum can do so by employing simplicity of design, using economical materials and omitting certain non-essentials.

Architects point out that all this usually can be done without sacrifice of basic soundness or attractiveness. Simplified design permits numerous savings in construction costs. Examples of such economies are found in simple, straight-line roofs, and division of a house into a few multi-purpose rooms instead of a greater number of small rooms. Another point of saving is designing a dwelling with an eye toward more uniformity in sizes of windows, doors and other millwork.

Further economies can be effected by using materials in which there is a minimum of waste and which can be applied without undue difficulties. One should be careful, however, to select materials which are durable and efficient.

A considerable saving also can be gained in construction by having a first-floor utility room rather than a basement.

Brodheadsville, Pa.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the squares in your daily paper and fill in the numbers. If the number is less than 6, add 6. If the number is more than 6, subtract 6. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

A GENEVA KITCHEN, one of the many installed by Leslie W. Hay, Barrett merchant well known throughout the county, is pictured above. A Geneva sink, Geneva cabinets and the electric dishwasher have been combined under a Blue Moonglo one-piece plastic top. Above the large cabinet drawer is concealed a mixer which pulls out and up to worktop height. A half-round Geneva plastic top cabinet can be seen on the left. The G-E electric range has been installed in an alcove and fronted with natural-color wood valance. This valance conceals fluorescent lighting and an exhaust fan. This kitchen was not only installed, but also completely furnished by Leslie W. Hay.

Leslie Hay Specializes In  
Installing Geneva Kitchens

Few thrills in your life can compare with the thrill of planning a kitchen designed to fill your own needs as you have always wanted it. This is what the Geneva people have been doing for years; offering the American public a wide selection of cabinets from which their kitchen can be planned. Through

Leslie Hay, well known in the Barrett Area and throughout the county for over 30 years, these personalized kitchens are available.

It was no easy job for Mr. Hay to choose which kitchen he should select to be pictured above, for each and every one is a masterpiece in which he takes a great deal of personal pride. Continuous one-piece work surfaces in colorful plastic or linoleum are available. Base cabinets, wall cabinets,

corner cabinets, and even specially designed breakfast bars can be had. Sink in gleaming porcelain, stainless steel, or plastic to suit your tastes and purpose can be chosen.

No slamming doors on these cabinets and sinks, for Geneva has developed its own method for soundproofing these doors. Drawers are noiseless as they glide smoothly on nylon rollers, and have rubber bumpers.

Geneva offers unlimited design possibilities to you in planning your kitchen. Why not avail yourself of the planning service to be had at Leslie Hay's Appliance Sales and Service? You are not obligated! Come in and browse; ask questions about your kitchen problems. See Hay's complete line of electrical appliances; G. E., Bendix, and many others. Also a complete line of electrical supplies and fixtures.

In addition to the Pulitzer Prize, Reed is the winner of "twelve other journalism awards," he said last night.

Simply follow the new, sensible Kessamin Reducing Plan.

## Stolen Car Demolished; Youth Held

Stroudsburg Police Chief James McConnell received notice yesterday that a car stolen here Sunday has been recovered by West Virginia State police.

McConnell was notified by police in Grafton, W. Va., that they had picked up Bruce Collins Banner, 18, following a wreck near there. The car belonged to Mrs. Geraldine Transue, 611 Sarah St., Stroudsburg.

The auto, McConnell said, had been apparently demolished by the accident, according to the report from Grafton officials.

The notification also said that Banner was AWOL from Sampson Air Force Base, Geneva, N.Y.

Following receipt of the teletype message, McConnell was also contacted by FBI agents from the Scranton district.

Prosecution will be made in West Virginia. Since the car was taken across the State line, Chief McConnell indicated, the Federal bureau will be in charge of further prosecution.

Mrs. Transue, meanwhile, left for Grafton yesterday morning to claim some belongings which had been kept in the car.

## '52-20 Club' Cost \$355,000,000

Harrisburg (AP) — Some \$46,700 Pennsylvania veterans received \$355,039,300 in eight years from the servicemen's readjustment act, the State Bureau of Employment Security reported yesterday.

The program was commonly referred to as the "52-20 club" because it gave returning veterans an opportunity to receive \$20 weekly for up to a year while they sought civilian employment.

The bureau said only 39 veterans were on its rolls when the program came to an end last Friday. That was the fifth anniversary of the official end of World War Two.

## New York Butter

New York, (AP) — Butter, 482,023 firm, wholesale prices on bulk cartons, remained higher than 90 cents (AA) from the previous week, with fresh 70% T.I. 90 score (B) fresh 70% 89 score (C) fresh unquoted.

Rev. Jim Vaus

## Former Aide To Gambler Will Preach

Rev. Jim Vaus, whose conversion occurred while he was an employee of Mickey Cohen, West Coast gambler, will speak at Pine Brook Bible Conference tonight and Sunday morning and night, it was announced yesterday.

Vaus, whose home is in Los Angeles, was ordained early in July at Mid-West Bible Church.

Son of a minister and graduate of University of California, Vaus first got into trouble in the Army and served a year in federal prison.

An electronics expert, he was made an instructor in the Air Force after being pardoned.

Later, as a civilian in the electronic field, he worked for police until Cohen offered him more money to tap telephone wires and plant listening devices.

His conversion in 1949 was the result of Evangelist Billy Graham's preaching.

## Men, Women! Old at 40, 50, 60! Get Pep

Feel Years Younger, Full of Vim  
Don't blame exhaustion, worn-out, run-down feeling on age. It's just a matter of getting the right pep and with Cohen has done. Contains tonic after all-for those old just because they're old. Contains calcium, phosphorus, Vitamin B. Why feel old? Try it. Trial size one little 16c BOTTLE. Money back guarantee. For men, women, boys and girls. Get it at your drug store. And for only 75c a bottle, you get a full bottle.

At all drug stores everywhere—in Stroudsburg, at Bea & Derick.

## Schoonover, Leffler Review Benefits Of Boys' Baseball Movement At Kiwanis Meeting

Douglas Schoonover, director of Stroudsburg playground, who has been largely instrumental in the formation and development of Little League and Little Bigger League baseball in the community, and Lew Leffler, manager of the Line Material Little Bigger ball team, gave much of the background and benefits of the projects before the Kiwanis Club of Stroudsburg at the Penn-Stroud hotel yesterday afternoon.

Walter McClelland, secretary of the Little Bigger League, program chairman, told of the financial expense of the team sponsors—International Boiler Works, Line Material Co., Worthington Mower Co., and Monroe Silk Mill. He paid tribute to the time and effort of team managers and Jim Riley, sports editor and The Daily Record in assisting in the development of the sport. Kiwanis Club is guiding the league.

Mr. Schoonover gave the background from 1930, relating history of various teams formed leading eventually to the forming of the Little League and last year taking

Other leaders presented were: Kenneth Barthold, Monroe Silk; Harold Reaser, International Boiler Works team manager; Clair Metzgar, acting manager, Worth-

ington Mower; John Schoonover, assistant manager, Line Material Co., and William Reaser, manager, Worthington Mower Co.

Visiting Kiwanians presented by President Gilbert L. Smrz included Harold O. Bates, Elizabeth, N.J.; Carl E. Tavalassi, Bensonhurst, of Brooklyn, N.Y.; Robert A. Struthers, Riegelsville; Herbert E. Tretzen, Perth Amboy, N.J., and Charles P. Ranier, Hammonton, N.J. The latter was accompanied by his son, Charles Jr., Carl Abel, Canton, O., was also among the guests.

[McNEY Studio photo]

## Scrantonian Is Wedded To Local Girl

**Miss Dorothy Phillips**, daughter of Mr. and Mrs. Marshall R. Phillips, of 800 Sarah St., Stroudsburg, became the bride of Eugene Hafler, son of Mr. and Mrs. Cox Hafler, of 203½ Marion St., Scranton, at 11 a.m. July 4.

The ceremony was performed at the parsonage of the Methodist Church, Belvidere, N.J., by Rev. Wade, the pastor.

They were attended by Mr. and Mrs. Lawrence Swink, of Stokes Mill.

The bride wore a street length aqua dress with white accessories and a corsage of white roses. The matron-of-honor was attired in a yellow print dress and a corsage of yellow roses.

They left later on a honeymoon trip and are making their home at Scranton.

The bride was graduated from Stroudsburg High School, class of 1951, and was employed in the cost department of the Art Metal Works, East Stroudsburg.

Mr. Hafler attended the North Scranton High School and served three years in the U.S. Army in Germany. He is now employed at the Scranton Vault Co. plant.

## Many Friends Congratulate Mrs. Mengle

**Saylorsburg** — Mrs. Harriet Mengle, who observed her 93rd birthday at the home of her son-in-law and daughter, Mr. and Mrs. Ralph VanBuskirk, this place, Sunday, July 27, was honored by many callers who extended their good wishes. The aged lady was remembered with many gifts.

Callers were: Rev. and Mrs. Adam Bohner, Kunkletown; Mr. and Mrs. Lloyd Bohner and family, Dalmatia; Mr. and Mrs. William Bray and son Steven, and Mrs. Sara Bray, Mr. and Mrs. McCall, Bethlehem; Mr. and Mrs. Jayson Moyer and daughter Mary Edith, Binghamton, N.Y.

Mr. and Mrs. Hiram Mengle, Delaware Water Gap; Mr. and Mrs. Harold Mengle, Buffalo, N.Y.; Mr. and Mrs. James Haney, Somerville, N.J.; Mrs. Lizzie Fetherman, Mr. and Mrs. Henry Hoffman, son Lee; Mr. and Mrs. Mark Kretzinger, Mrs. Clara Kretzinger, of Brodheadsville.

Mrs. Claude Eickle, Mrs. Ralph Bond, Mrs. Rose Gower, Mrs. C.W. Rubow, Mrs. John Gower, Mrs. Frank Butts, granddaughter Suzanne Butts, Mrs. Grant Knowles, niece Alice Jean Knowles.

## Double Picnic

Both the Cherry Valley and Poplar Valley Sunday Schools will hold their individual picnics on the same day—Saturday, Aug. 2, at Stroudsburg playgrounds. There will be swimming and games in the afternoon followed by supper at 6 p.m.

## Crusaders Make Plans For Outing

**Bartonsville** — The July meeting of the Crusader class of St. John's Lutheran Sunday School was held at the Parish House last Friday night with Mrs. Joseph Dunbar, the president, presiding. The 19th Psalm was read by Mrs. Beatrice Swink which was followed by a group prayer.

Plans were made for the purchase of an outdoor bulletin board for the church and announcement was made that more memorial donations had been received for the project. Mrs. Robert Field, Mrs. Pauline Cyphers, Haviland Heller and Rev. John Bergstresser were named the purchasing committee.

A report was given on the junior Crusaders organization after which it was decided to discontinue meetings for an indefinite period.

Saturday, Aug. 16, was the date set for the annual corn and hot-dog roast for the members and friends of St. John's Sunday School. Mrs. Joseph Dunbar and Haviland Heller were appointed to purchase refreshments and each Crusader is asked to bring a gallon of beverages.

Following the business meeting, Mr. Heller, class teacher, presented the Bible study, in the absence of Rev. Bergstresser, speaking on "Doubt." Mr. and Mrs. Heller will be the hosts for the August meeting.

Refreshments were served by the hostesses, Mrs. Claude Cyphers and Mrs. Verdon Fraley. The table was decorated in pastel shades with an attractive arrangement of mixed gladioli. Favors were unusual crocheted cups filled with mints.

Those in attendance were: Mr. and Mrs. Haviland Heller, Mrs. Claude Cyphers, Mrs. Verdon Fraley, Mrs. Beatrice Swink, Mrs. Joseph Dunbar, Mrs. Robert Field, Emma Dunbar, Joanne Dunbar and Ronald Swink.

Mr. and Mrs. George H. Bush, of Stroud Township, entertained for their grandson, Cecil Vaughn Bush, son of Mr. and Mrs. Herb Bush Jr., 708 Ann Street, this week.

## Fall Injures Workman At Tobyhanna Depot

A Stroudsburg RD man, employed at the Tobyhanna Signal Depot, was hospitalized yesterday afternoon with a fractured rib after a fall from a pile of steel beams.

Injured was Theodore Cyriax, 43, who is an employee of Cornell Construction Co. a sub-contractor of the Consolidated firm charged with the major portion of ware-

house construction at the site.

**Witnesses** said Cyriax was walking along the top of some steel columns located near Warehouse No. 7 when one of the girders turned and two others began to fall.

The man then attempted to jump down from the pile. Halfway to the ground Cyriax slipped and fell the remaining distance to a pile of concrete and rocks below.

**Dr. Bernard Hyland**, depot physician, administered plasma on the scene. Cyriax was then taken to Monroe County General Hospital where his condition was reported as "good" last night.

**Life of Riley**By JIM RILEY  
Sports Editor

Harry Schaeffer, who has more local eyes than ever turned toward the New York Yankees, appeared in his second game for the Bronx Bombers since being called up last week from the Kansas City farm club of the American Association. Yesterday Harry worked the fifth, sixth and seventh frames against the Chicago White Sox and gave up two of the Chicago club's seven winning runs. Schaeffer was touched for four hits in his three-inning tour of duty, while walking three and striking out the same number.

Schaeffer's initial appearance was in the form of a starting assignment against the Detroit Tigers on Monday of this week. Yesterday Harry again led all pitchers appearing in the game in the matter of strikeouts, just as he did in his first major league performance. Yogi Berra, first string catcher for the Yankees, liked what he saw of Schaeffer against the Tigers, although Harry was charged with a 12-2 loss. Berra was quoted after the game as saying, in reference to Schaeffer, "He's got a good curve and fast ball."

Berra has been behind the plate in each of the innings that Schaeffer has pitched to date. Control troubles have hampered Harry in both of his major league starts. This is a far cry from the fact that Schaeffer departed from Kansas City after twirling a 4-1 decision over Louisville, allowing only two free tickets over the entire nine-inning route. Harry allowed only six hits in his final American Association appearance and retired six batters via the strikeout route.

George Condrick is continuing his rush toward a berth with the St. Louis Cardinals in the near future, as the big right-hander had posted a mark of nine victories and three defeats with Rochester of the International League as of last week. George has appeared in 19 games, worked 95 innings, struck out 38 batters and is featuring a .750 percentage. George's most recent victory was a 3-1 affair over Springfield, during which Condrick allowed eight hits, walked two batters and didn't retire anyone on strikes. George and Schaeffer both got their professional starts with the Stroudsburg Poconos.

Condrick opposed Chris Kitos, shortstop for Springfield, last week and in so doing turned back the pages of time. Condrick pitched for the Poconos in 1947 and Kitos held down shortstop for Kingston, N.Y., a member of the now defunct North Atlantic League at the same time. John Mackley, first baseman for Lebanon, also of the NAL in 1950, is now hitting .306 for Columbus, Ga., of the class "A" South Atlantic League. John has played in 110 games, appeared on the plate 431 times, has 137 hits, one home run and 76 runs batted in.

Emil Carlini, who at one time played the outfield for both Nazareth and Carbondale, of the North Atlantic League, was recently sent to Decatur, of the class "D" Mississippi-Oklahoma Valley League, by Sweetwater, of the class "C" Longhorn League. John Slichta, outfielder with Lebanon, of the NAL in 1950, was recently discharged from the army at Indiana Gap, as a hardship case. The sure fielding flycatcher was hitting at a .370 clip for the 10th Regiment club in the Twilight League, at Indiana Gap.

Harold Sisco, veteran baseball and softball campaigner in Monroe County, is nearing the end of another softball season. Harold slumped down for the 1951 season and now looks almost like he did when gaining diamond laurels with Pocono High school many years ago. A close friend has informed this column that Sisco went on a strict diet early in the campaign in order to get in proper condition to see the Monroe County Softball League to a finish this year. Sisco in his prime divided his time between catching and pitching with various teams in the area.

Don Brown, a University of Mississippi graduate, has taken over as basketball coach at Nazareth High school, replacing Andy Leh, who has held the post for 26 years. However, Leh will continue with his football and baseball duties, positions he has also held for 26 years. Danny O'Connell, a member of the Pittsburgh diamond organization who received his start in pro ball with Bloomingdale, N. J., of the NAL in 1946, was one of the main reasons that the MDW Colonials, of Fort Myers, Fla., won the 12-team Virginia semi-pro baseball tournament.

Frank Radler, who managed the Stroudsburg Poconos, has his Union City, Tenn., entry in fifth place in the Kitty League at the present time, one and one-half games out of fourth. Billy Long, another former popular member of the Poconos, is in seventh place in the class "D" Coastal Plain League, with his Tarboro, N. C., club, Evansville, Ind., of the class "B" Three-I League, is riding in first place at the present time. Harry Warner, Reinders, is the regular first sacker with the Evansville club.

**Pocono Mountains League Tops East Stroudsburg, 6-4****Home Runs Decide Area Playoff Tilt**

Pocono Mountains Little Leaguers put on a display of home run power in the East Stroudsburg Little League park yesterday and won the final area playoff contest with a 6-4 verdict over East Stroudsburg, before more than 700 people.

The Pocono Mountains Little League stars combined a masterful six batters by Billy Henry with its three home runs to earn the right to oppose Bethlehem in the final district playoff tomorrow, at the East Stroudsburg field.

Pocono Mountains won the toss a home team in yesterday's contest and East Stroudsburg quickly turned three walks and an error into a 1-0 lead in the top of the first round.

However, the visiting crew came back with three markers in its half of the initial frame, on a walk, a wild throw, a single to right and a home run over the left field fence by Charley Harrison.

**Break Deadlock**

East Stroudsburg moved into a 3-3 deadlock with two runs in the top of the third, but Henry took personal charge of the situation with a home run over the left center field fence in the bottom of the same frame, behind Harrison's double down the left field line.

The host contingent fought back with one more marker in the top of the fourth, only to have Gordon DiFuria clear the dead-center field fence with a long drive with the bases empty in the home half of the fourth.

DiFuria's homer ended the scoring for the day, as Dale Metzgar matched Henry pitch-for-pitch the remainder of the distance. The winning club bunched out a total of 10 hits.

Henry fanned eight batters and walked three, all three free tickets coming in the first frame. Metzgar struck out four and issued only one pass to first base.

## United States Gains Ground In Olympic Point Race Against Soviet Union Rival

By Ted Smits

Helsinki, GP.—Mrs. Patricia McCormick, curvaceous 22-year-old housewife from Long Beach, Calif., decisively won the Olympic springboard championship for women yesterday as the United States cut into Russia's widening margin again in the unofficial battle for team honors.

Jean Boiteux of France astounded the swimming world by winning the men's 400-meter freestyle final in 4:30.7, with tiny Ford Kono of the United States one meter—just over a yard—behind. The first seven men all were under the old Olympic record of 4:41 set in 1948 by Bill Smith of the USA.

With four days to go, Russia leads, 523 and one-half to 463, in the unofficial point totals, but the United States is almost sure to continue heavy scoring in swimming and pick up points in boxing and basketball as well. Unless Russia pulls another surprise, America may overtake the Soviets at the very finish.

## Real Scare

The United States basketball team was given a real scare by an aggressive, merrily-go-round combination from Brazil that led

at the half, 26-24. The Americans finally pulled it out of the fire, 57-53.

In boxing, nine Italians, eight Americans, and seven Russians are still left in the running.

In swimming, the United States outscored the Russians 20-4 on the basis of Mrs. McCormick's victory, second place by Konna in the 400 meters, and Wayne Moore's sixth in the same race, together with Mrs. Zoe Ann Olsen Jensen's third in diving. Mrs. Jensen, the wife of Jackie Jensen of the Washington Senators, is from Oakland, Calif., and Moore is from Yale.

The men's 400-meter freestyle final was another of those "races of the century" in which these games abound.

Boiteux's father, Gaston Boiteux, a solid Frenchman, could not contain his joy at the upset victory. He jumped into the pool with his clothes on and kissed his son exuberantly.

## Comeback

Mrs. McCormick, performing flawlessly, scored 147.30 points, Mady Moreau of France was second with 139.34 and Mrs. Jensen was third with 127.57.

Mrs. Jensen's third place rep-

resented a tremendous comeback.

Tuesday she found fault with the tension of the springboard during the course of her preliminary dives and talked the judges into giving her another try after flubbing a two and one half somersault.

But yesterday the international jury reversed the decision, gave her a score of 32.0 points for the hubbed dive instead of 12.20. This dropped her from third to eighth in the rankings, and she had to fight her way back with a series of superb performances.

The big United States basketball team looked dead on its feet against Brazil, a smaller five full of dash and fire. Bob Kurland, Dean Kelley, and Bob Kenney were given a rest and their absence.

Next on the schedule for the USA in the Olympic round robin tournament is Argentina today—the team that, until it was upset yesterday by Uruguay 66-65 in overtime, had been tabbed as the one the United States must beat to win the championship.

Bulgaria also upset France 67-58 and Russia started slowly but finished fast to defeat Chile.

## Mrs. Pastorini Wins Shawnee Golf Event

Shawnee-on-Delaware—Mrs. Ben Pastorini won low net honors in the class "A" division of the Shawnee Women's Golf Association on Tuesday, with a score of 80, as the local golfing group held a special "Guest Day" program, here on the Shawnee Inn course.

Mrs. Pastorini also won putting honors with 26 putts for the 18-hole round.

Patsy Lee, 15-year-old golfing wiz captured low gross honors in the "A" bracket with a score of 83.

## Low Gross

Mrs. Edward Lee captured the low gross title in the "B" division, with a 113 score, while Mrs. Thomas Cullen, with a 75, won low net honors in the same bracket.

Mrs. Henry Thurston, Poughkeepsie, N. Y., won the top guest prize with a low net of 69. Mrs. Thurston also won putting honors among the guests.

The Shawnee team, along with those of Pocono Manor and Northampton, will clash in the third match of the series between these same foes today, at Northampton.

## Forest Hills Golfer Scores Eagle On Monomoyon Course

Mountainhome, — A 150-yard shot with a five iron, which hit the ball on a slight uphill lie, Hunt took a full heavy swing with the five iron and drove a straight low shot which took an upswing before approaching the green. The ball dug into the green, loosened, and rolled two feet into the cup.

Witnessing the shot and playing along with Hunt were Frank McDonnell, columnist for the Financial World, and Ed Horan, both of Bay Side, Long Island. Hogan was the best of the day for the trio with a 45 while McDonnell came in with a 51.

## Drive

Teeing off on the number three tee, Hunt's drive went 200 yards with the second shot remaining on the fairway but to a right angle of the direction flag guiding the players over the hilly course.

With the ball on a slight uphill lie, Hunt took a full heavy swing with the five iron and drove a straight low shot which took an upswing before approaching the green. The ball dug into the green, loosened, and rolled two feet into the cup.

Witnessing the shot and playing along with Hunt were Frank McDonnell, columnist for the Financial World, and Ed Horan, both of Bay Side, Long Island. Hogan was the best of the day for the trio with a 45 while McDonnell came in with a 51.

## Hunt's only comment on the shot, "I can't believe it."

## Dodgers Nip Pirates In Tenth

Brooklyn, GP—Carl Furillo's first hit in 16 times at bat scored Bobby Morgan from second base, including a homer by Jack Merson in the third.

Brooklyn tied the score in the sixth when Erskine singled and scored from first on a double by Reese. Pittsburgh broke the deadlock in the eighth when a single by Joe Garagio, a double by Morgan, an infield out and Clem Koschorek's surprise bunt scored two runs.

The Brooks were trailing 3-2 with one out in the ninth when Roy Campanella, back in action after an 11-day layoff with a bone fracture in his right hand, hit his 11th homer of the season off Howie Pollet.

## Rally

Morgan opened the winning rally with a single off Bob Friend, who relieved Pollet in the ninth. An
